

# SSFLCA\_PCBWest

- **SSFL Construction Access for Prospect Creek Bridge West**

- Enter: Access the construction zone from Moore Street (Moore Street Gates), or from Fraser Road. Access Moore St via Fraser Road, from Lansdowne Road/Liverpool Rd (Canley Vale).
- Exit: Depart the Construction zone onto Moore Street (Moore Street Gates) or onto Fraser Road, then Lansdowne Rd onto Liverpool Rd.

**(Please be aware that Lansvale Primary School has an entrance on Lansdowne Rd thus speed limits between 8.00-9.30am and 2.30-4.00pm will need to be observed.)**

**Note that access under the existing railway beside the creek is limited, hence: no turning back opportunity at the Moore St/ Prospect Rd underpass, limited road-space for construction vehicles to pass each other travelling in opposite directions, subsequent exit route may be required past this point via: Prospect Rd- Ada St- Premier St- Senior St- Caroola St- First Av- Bareena St- Mackenzie St- Lansdowne Rd- Liverpool Rd. The reasons this route are to avoid Canley Vale High school and to avoid Vale St roundabouts.**

- Alternative exit: onto Moore Street (Moore Street Gates), then Prospect Rd- Ada St- Premier St- Senior St- Caroola St- First Av- Bareena St- Broomfield St- Longfield St- Liverpool Rd.
