2. Previous Minutes and matters arising:

Previous Minutes:-

Combined meeting minutes accepted

Matters arising: -

Action Items from previous minutes:-

None

3. Public Art Consultation – Selma Fida, Clayhouse

As per the presentation

The status of the public art project, to be located at Sefton Station under the stairwell between the ramp and the track, was given by Selma Fida from Clayhouse.

Students from Sefton High School (Year 8) are involved in the design process and will be painting some tiles.

The CLG expressed their thanks to Dale Donadel for this idea and for ARTC support from Andrew Addinall.

Examples of designs that have been transferred to clay tiles were handed out to CLG members along with photo's of previous works at Liverpool and other localities.

Proposed installation will be in June/July.

There will be an opening held with community participants and CLG members after the completion of the works.

Donna Sowry from ARTC will prepare some text for application onto the tiles.

No Questions

4. Contractor/Construction Overview

An update was given of the current status of various sites in the Bankstown area as per the presentation.

3A

CLG made note that the mouldings on the noise walls at Sefton Station looked lovely, especially in the afternoon sun with the oblique shadows.

Bankstown City Council requires an arborists report on the Hills fig tree at Sefton. This is so some trimming of trees can occur for noise walls. The Council has received similar reports for trees at Chester Hill.

Q: - What is the purpose of all the pallets that are being delivered to the back of the rail line near Millers Road at Chester Hill?

A: - Empty pallets are being collected from the delivery of keystones for the noise walls.

Stations First

Q: - At Sefton Station, will the throw screens only cover half of the footbridge?

A: - No. It will be for the entire footbridge.

TMP and permits are under way for the streetscape works being planned.

Q: - Will this involve the footpath?

A: - Yes

No further Questions

5. Out of Hours Work

A presentation given by Donna Sowry of Out of Hours work planned for the coming weeks as per slides.

No Questions

Community Information and Notification strategy

No Questions

6. General Business and Action Items

Q: - Will the new rail crossing from Wellington Road to the Sefton triangle be financed by RailCorp?

A: - Yes

No Further Questions

ACTION ITEMS

- 1) Donna Sowry from ARTC to prepare text for incorporation into art works at Sefton station.
