

SSFL
Liverpool & Campbelltown Community Liaison Group

- SSFL Construction Contracts has been set up based on work type and/or geographic extent.
- The key packages comprise the following activities
 - Earthworks and retaining walls
 - Upgrading bridges and extending culverts
 - Stations upgrade
 - Track construction
 - Signalling and communications
- Entire programme is expected to take 18 months

A hierarchical organizational chart. At the top is a light blue rounded rectangle containing the text 'ARTC'. A vertical line descends from this box to a horizontal line. From this horizontal line, two vertical lines lead down to two separate light blue rounded rectangles. The left rectangle contains the text 'Gartner Rose Station Works'. The right rectangle contains the text 'Seymour Whyte Earthworks Bridgeworks'.
