3. Contractors/Construction Overview

Gartner Rose – Daniel Rose

Overview of current status as per presentation

Q: You are doing lifts at the station?

A: Yes

Q: The walls of the lift are going to be glass?

A: Yes.

Q: Are the panels going to be anti-scratch glass?

A: Protective film is available. The lifts will be built to the design criteria.

Q: In the event of a lift failure, what will happen?

A: The lift operation is a responsibility of RailCorp.

Q: CLG representatives discussed concerns with possible lift failure?

A: These issues should be taken up with RailCorp.

Reed Constructions

Overview of current status as per presentation.

Q : Licence in DECC states there is no grubbing to be done however there is vegetation clearing happening.

A : Only in Leacocks Park. This refers to a specific location.

A slide presentation and overview given by Prue Hodgson detailing Out Of Hour's work being planned. Work on the 21st – 23rd March coming up.

Q: The individual briefings. How successful were they?

A: A lot of people were not home. Talked with various residents and people in the area. All were aware of the pending out of hours work.

Q: Are you doing work at Mill Park, Woodbrook and Shepherd St on Saturday and Sunday the 7th and 8th April?

A: Yes.

Gartner Rose

Update of current status and works as per presentation.

Q: How is the demarcation of noise complaints being handled between RailCorp and ARTC? CLG suggests liaison between RailCorp and ARTC.

A: ARTC to call Community Liaison Department at RailCorp. It is not appropriate for ARTC to respond to issues pertaining to RailCorp works.

Wilkinson Murray report presentation handed out to CLG

Q: Some of the readings recorded 93db, 96db and 97db. Shouldn't the graphs reflect that?

A: Question taken on notice.

Q: CLG would like to see full range of readings in the report.

A: Taken on notice.

Q: Can the CLG give a response at the next meeting?

A: Email the questions to ARTC for consultation with Wilkinson Murray.

Q: It would be good to have an interpretation of the results.

A: The results were interpreted by the Presentation that Wilkinson Murray gave at the Noise Meeting we held and Q and A's were fielded at that time. The reason the report was given to the CLG was because it was requested by the CLG.

Q: The CLG asked for the raw data in order for it to be verified with an expert.

A: ARTC only received the noise report and then asked for the presentation to be put together for the CLG, the

Q: The information has been edited.

A: All the information gathered has been taken into account when compiling the report.

Q: Can the information be provided in tabulated form?

A: Taken on notice.

4. UDLP Finishes

Q: Samples of the noise walls were going to be brought to the meeting for perusal?

A: Apologies. Samples will be brought to the next meeting.

Q: The Community was to have input. Have you ordered the materials yet?

A: No. CLG will have a say in the selection of materials.

Q: The stairs to Newbridge Rd. Are the stairs compliant with relevant codes?

A: They are compliant with the relevant codes. This will be in writing.

Q: Where are the locations of the noise walls?

A: Caldis Cook is working towards a final design. The Riverside bridge at the Powerhouse theatre. Plans will be supplied.

Q: The stairs in Newbridge Rd being upgraded. Do they have to comply with the Anti Disability and Discrimination Act?

A: No. The environment at the top is not safe. Trying to discourage use due to the unsafe area. They only have to comply with the building codes.

5. General Business and Action Items.

Q: How did the special (noise) report compare with the predicted model? Residents were not happy with the predetermined levels. Did the report support that model?

A: Taken on notice.
