

AUSTRALIAN RAIL TRACK CORPORATION LTD
Southern Sydney Freight Line

Glenfield Substation Out of Hours Work

Australian Rail Track Corporation (ARTC) will be undertaking construction works in your area from Monday 7th December until 18th December, from 7.00am until 8.00pm. These works are part of the construction of the Southern Sydney Freight Line (SSFL).

The work will involve the relocation of a cable route which will involve excavation and the construction of cable routes. The equipment that will be used will be excavator, 10 personnel and hand tools.

These works form part of the construction of the Southern Sydney Freight Line (SSFL). The SSFL is a 36 kilometre dedicated freight line between Macarthur and Sefton and the new track is within the existing rail corridor. The SSFL will allow passenger and freight services to operate independently, freeing up passenger lines for improved services and providing more capacity for freight trains on the dedicated lines.

We appreciate everyone's patience while we build this important project.
