

AUSTRALIAN RAIL TRACK CORPORATION LTD  
Southern Sydney Freight Line

**ROAD CLOSURE – BAREENA ROAD RAIL OVERBRIDGE**

Australian Rail Track Corporation (ARTC) will be undertaking construction works at Bareena Street Rail Overbridge within the rail corridor on 6<sup>th</sup> July 2009.

The Bareena Street Overbridge closure will be a one way closure, allowing only northbound traffic flow along Pevensey Street across the bridge, pedestrian movement across bridge will be maintained.

The existing Bareena Road rail overbridge will be closed in 2 stages, i.e. half road at a time, at the intersection of Railway Parade & Pevensey Street. Throughout the duration of the works a No left hand turn from First Avenue into Pevensey Street will be implemented.

The closure will be effective from the 6<sup>th</sup> July 2009 until the end of December 2009.

These works form part of the construction of the Southern Sydney Freight Line (SSFL). The SSFL is a 36 kilometre dedicated freight line between Macarthur and Sefton and the new track is within the existing rail corridor. The SSFL will allow passenger and freight services to operate independently, freeing up passenger lines for improved services and providing more capacity for freight trains on the dedicated lines.

We appreciate everyone's patience while we build this important project.
