

AUSTRALIAN RAIL TRACK CORPORATION LTD

**Southern Sydney Freight Line  
IMPORTANT COMMUNITY INFORMATION**

**Casula Powerhouse Access Road**

The approvals by the NSW and Australian Governments for the Southern Sydney Freight Line (SSFL) require Australian Rail Track Corporation (ARTC) to provide road access to the Casula Powerhouse. This new access road will provide a safer and more direct community route to the Powerhouse rather than the current limited access via the level crossing. Provision of the access road was requested by Liverpool City Council as a community benefit of the SSFL and it will be built to Council's road standards.

As part of its overall community consultation, ARTC is now seeking public submissions on the Casula Powerhouse Access Road. The closing date for responses is 18 September 2009.

Please provide written responses to:
