

AUSTRALIAN RAIL TRACK CORPORATION LTD
Southern Sydney Freight Line

ROAD CLOSURE – AUBURN ROAD

Australian Rail Track Corporation (ARTC) will be undertaking construction works at the Auburn Road overbridge and will need to re-close the Auburn Road. This closure has been deferred, and will not go ahead as advised on the 19th October 2009, at this stage we are targeting the 2nd November 2009.

When this closure date has been confirmed we will inform you of the confirmed closure date and expected duration. My apologies for any inconvenience this may have caused.

These works form part of the construction of the Southern Sydney Freight Line (SSFL). The SSFL is a 36 kilometre dedicated freight line between Macarthur and Sefton and the new track is within the existing rail corridor. The SSFL will allow passenger and freight services to operate independently, freeing up passenger lines for improved services and providing more capacity for freight trains on the dedicated lines.

We appreciate everyone's patience while we build this important project.
