Cabramatta Station Works – Update

Australian Rail Track Corporation (ARTC) has begun works at Cabramatta Station. These works are required as part of the Cabramatta Station upgrade works and are proceeding uninterrupted as summarised below:

- The deflection walls are nearing completion.
- The stair abutment is next to be poured.
- Other in-ground works for the new station building are nearing completion, with work on the structure to commence in February 2010.
- Fencing has been erected around the location of the new perpendicular parking, which is to be constructed on Railway Parade south of the overpass in January 2010.
- Clearing, levelling and excavation is in progress in preparation for the construction of a retaining wall and new footpath, which are to be constructed in February 2010

We appreciate everyone's patience while we build this important project.
