

AUSTRALIAN RAIL TRACK CORPORATION LTD

Southern Sydney Freight Line IMPORTANT COMMUNITY INFORMATION

Wellington Road, Birrong

Australian Rail Track Corporation (ARTC) will be commencing construction of a new sewerage main in Wellington Road, Birrong. These works will begin on 22nd February 2010. There will be a construction site set up and it will be contained with concrete barriers. As a result of the works changed traffic arrangements will be in place. Two way traffic will be maintained, with a reduction in lane width and a slight deviation of traffic lanes to the north. There will be occasional stopping of traffic to allow plant movements on site. There will be speed restrictions in place for the duration of the works. Pedestrian movements will be maintained and managed by traffic controllers for the duration of the works.

The equipment used on site will be a 70t piling rig for auger drilling, crane and bogie trucks for soil removal, concrete supply and delivery trucks, hand tools and generators.

We appreciate everyone's patience while we build this important project.
