

AUSTRALIAN RAIL TRACK CORPORATION LTD  
Southern Sydney Freight Line

**BAREENA ROAD RAIL OVERBRIDGE**

Australian Rail Track Corporation (ARTC) has been undertaking construction works at Bareena Street Rail Overbridge within the rail corridor since August 2009.

The existing Bareena Road rail overbridge will be closed until the end of March 2010. Throughout the duration of these works a No left hand turn from First Avenue into Bareena Street will be implemented, traffic will be forced to turn right. Residents only will be allowed to turn from Railway Parade to enter First Avenue.

To complete these works ARTC will be implementing a full closure over two weekends scheduled for the 6<sup>th</sup> and 7<sup>th</sup> of March and on the 13<sup>th</sup> and 14<sup>th</sup> March. Further information will be distributed closer to the full closure date.

These works form part of the construction of the Southern Sydney Freight Line (SSFL). The SSFL is a 36 kilometre dedicated freight line between Macarthur and Sefton and the new track is within the existing rail corridor. The SSFL will allow passenger and freight services to operate independently, freeing up passenger lines for improved services and providing more capacity for freight trains on the dedicated lines.

We appreciate everyone's patience while we build this important project.
