

AUSTRALIAN RAIL TRACK CORPORATION LTD

Southern Sydney Freight Line

IMPORTANT COMMUNITY INFORMATION

New Sydney Water Main – West Street, Canley Vale

Australian Rail Track Corporation (ARTC) will be installing a new Sydney Water (SWC) water main from West Street (North) to West Street (South) underneath the railway line at Canley Vale. This will replace the existing water main that is in the way of the new Southern Sydney Freight Line. The works includes an under bore beneath the railway line as well as local excavation and trenching to connect to the existing water main. These works will begin on the 8th March 2010 and will continue for approximately 8 weeks.

There will be traffic control in place to manage the traffic and the pedestrian movements around the worksite.

W29 SWC underbore at West St, Canley Vale - WS 047

This connection work is required as part of the enabling works to facilitate the construction of the Southern Sydney Freight Line.

We appreciate everyone's patience while we build this important project for Sydney, NSW and the nation.
