Following the replanting of the trees on the 8 January, the installation of two new poles will occur. The last notification indicated that construction would occur in February however the works will now take place in March with works occurring on Sunday 14<sup>th</sup>, 21<sup>st</sup> & 28<sup>th</sup> March 2010 from 7.00am until 5.00pm. The existing play equipment within the reserve will not be affected by the works.

The equipment on site will include a pole auger truck, tip truck, earthing electrodes and hand tools.
