

AUSTRALIAN RAIL TRACK CORPORATION LTD  
Southern Sydney Freight Line

**Liverpool Compressor Hut Electrical Works**

Australian Rail Track Corporation (ARTC) will be carrying out works in Atkinson Street, Liverpool. The works will involve the trenching of a new underground cable route, undertake works on existing padmount substation, realign the fence on the eastern boundary and install new substation adjacent to RailCorp Corridor. The works will begin on the 30<sup>th</sup> August 2010 and will continue for approximately 12 weeks.

These works will be carried out in approved project hours. Traffic movements will be impacted by these works and traffic control will be in place to manage these movements.

The equipment on site will include: elevated work platform, excavator, pothole truck, jack hammer, concrete mixer, concrete truck and work vehicles including delivery trucks, and hand tools.

We appreciate everyone's patience while we build this important project for Sydney, NSW and the nation.
