

AUSTRALIAN RAIL TRACK CORPORATION LTD

## Southern Sydney Freight Line IMPORTANT COMMUNITY INFORMATION

### **Woods and Wellington Roads, Birrong – Traffic Diversion**

Australian Rail Track Corporation (ARTC) is currently undertaking major construction work at Woods Road underbridge, Birrong. New bridge girders are to be loaded by crane and transported from the rail compound in Sefton Dive to Woods Road, Birrong where they will be unloaded by crane and lifted into position. This will be undertaken from 6am to 8pm on Saturday 29 and Sunday 30 January 2011. A contingency will be in place between 8pm and 6am on Saturday 29 January for the girder placements if required. The equipment used will consist of a 100t mobile crane, 50t mobile crane, 20t crane, two elevated work platforms, 5t excavator, two tipper trucks, three girder transportation vehicles, three crane support vehicles, compressor and four mobile tower flood lights. There will be detours in place for north bound traffic with south bound traffic flowing normally from Carlingford Street. Access will be provided to local residents; however, the roundabout at Woods Road will be closed for the duration of the bridge lift.

We appreciate your patience while we build this important project for Sydney, NSW and the nation.
