

AUSTRALIAN RAIL TRACK CORPORATION LTD

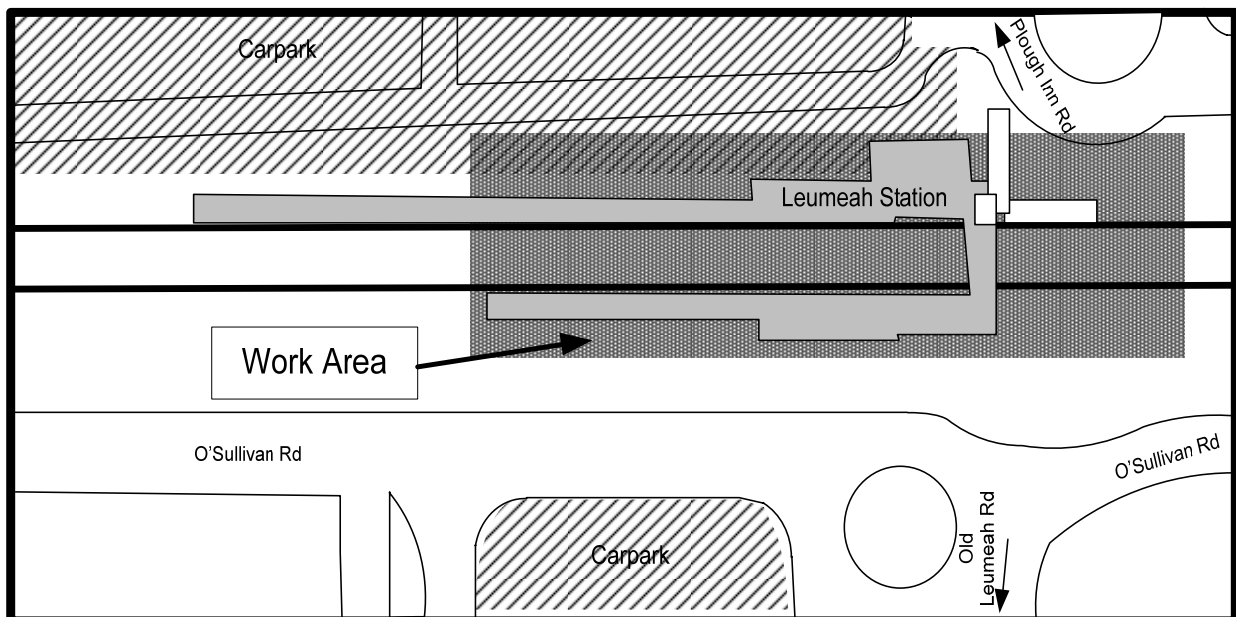

Southern Sydney Freight Line IMPORTANT COMMUNITY INFORMATION

Construction Work at Leumeah Station

Australian Rail Track Corporation (ARTC) will be undertaking construction work at Leumeah Station. Construction activities will include works to the footbridge, existing lift and platform, and to the new precast lift shaft. This work must be undertaken outside normal construction because there are safety risks involved with working in close proximity to the overhead wires and tracks.

Construction will take place from 7am to 6pm Saturday 7 May and from 8am to 6pm Sunday 8 May 2011. An approved contingency period is in place from 6pm to 10pm on both Saturday 7 May and Sunday 8 May 2011.

The equipment used will include delivery trucks, oxy sets, a 100T crane, 20T franna, scaffolding, an elevated work platform, generator, and powered and non-powered hand tools.

We appreciate your patience while we build this important project for Sydney, NSW and the nation.
