

AUSTRALIAN RAIL TRACK CORPORATION LTD

Southern Sydney Freight Line IMPORTANT COMMUNITY INFORMATION

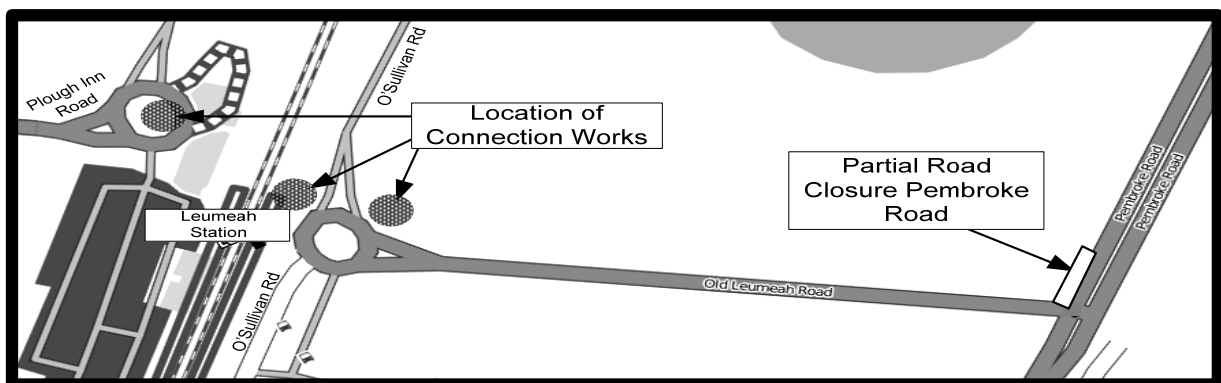

Leumeah Sydney Water Works

Australian Rail Track Corporation (ARTC) will be undertaking construction work in your area. These works will be undertaken during normal construction hours as well as outside of normal construction hours, as a water main will be required to be isolated. Water supply to private properties will not be affected.

The work will be undertaken from 7am to 4am Tuesday 24 May and from 7am to 4am Wednesday 25 May 2011, weather permitting.

The works will include the excavation of the road, installation of pipes, backfilling and installation of a temporary road surface. The equipment required for these works will include a flat bed truck, 20T excavator, 2T roller, wacker packer, water cart, tool truck, concrete truck, traffic control vehicles and hand tools.

Also, as part of these works a Sydney Water valve will have to be shut off at Pembroke Road from 10am to 4pm on both Tuesday 24 May and Wednesday 25 May 2011. This will require a partial lane closure at Pembroke Road and traffic controls will be in place to manage traffic movements.

We appreciate your patience while we build this important project for Sydney, NSW and the nation.
