

AUSTRALIAN RAIL TRACK CORPORATION LTD

## Southern Sydney Freight Line IMPORTANT COMMUNITY INFORMATION

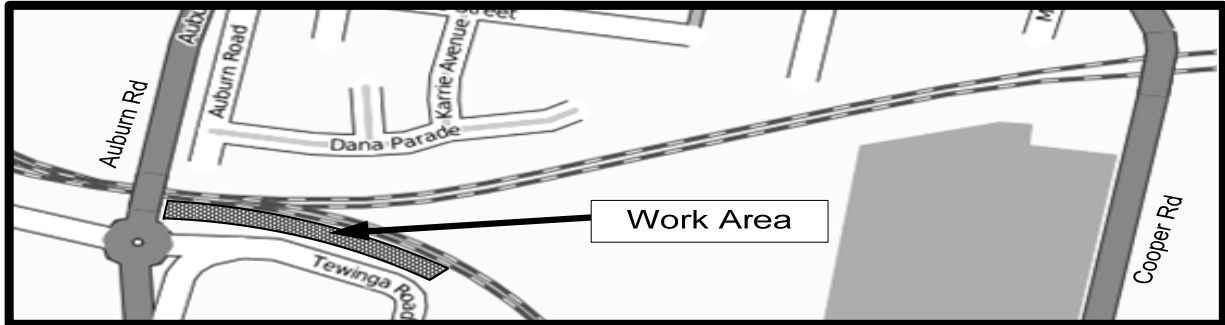

### Construction Work from Sefton to Chester Hill

Australian Rail Track Corporation (ARTC) will be undertaking construction work from Sefton to Chester Hill. This work must be undertaken outside normal construction hours because there are safety risks involved with working in close proximity to the overhead wires and tracks.

#### Tewinga Road, Sefton

Transformer switchover works, including minor excavation work, as well as commissioning and testing, will be undertaken on Saturday 16 July from 7am to 6pm and on Sunday 17 July 2011, from 8am to 6pm (weather permitting). This is contingency work, which means it will only have to be carried out if the work cannot be completed as scheduled on 9 and 10 July 2011.

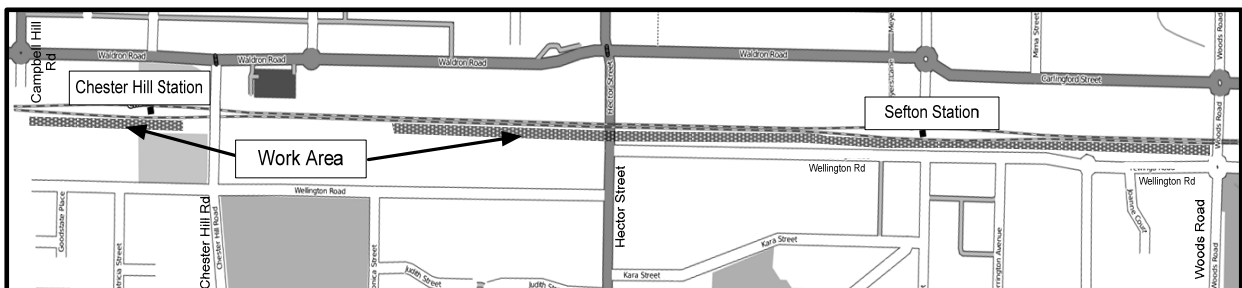

The equipment used will include a tip truck, elevated work platform, potholing truck, 3t excavator, and powered and non-powered hand tools.

#### Woods Road, Sefton to Campbell Hill Road, Chester Hill

Noise barrier panel patch repair works and painting will be undertaken on Saturday 16 July, from 7am to 6pm, and on Sunday 17 July 2011, from 8am to 6pm (weather permitting).

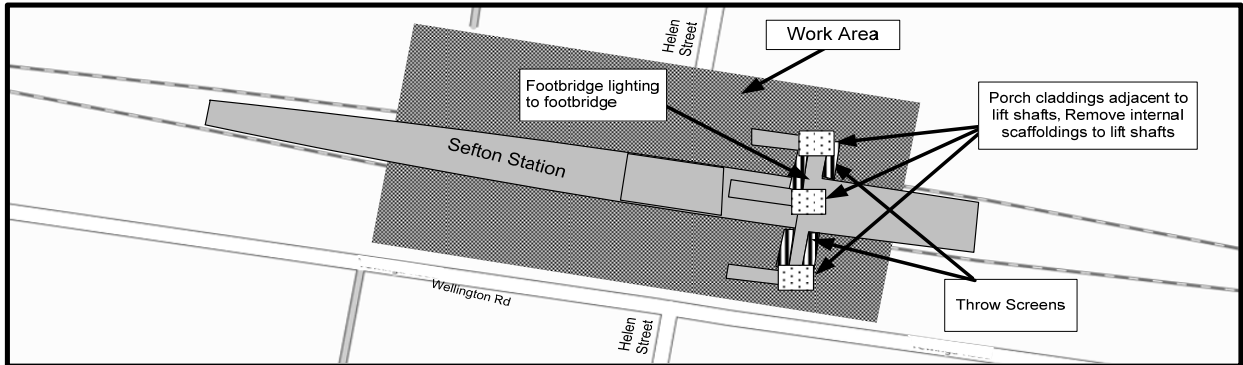

The equipment used will include a Hi-ab truck, two elevated work platforms, generators, shifters, and powered and non-powered hand tools.

### Sefton Station

Station works, including power upgrade works, works to lift shafts, replacement of anti-throw screens, removal of scaffolding and installation of footbridge lighting will be undertaken on Saturday 16 July from 7am to 6pm and on Sunday 17 July 2011 from 8am to 6pm (weather permitting). An approved contingency is in place between 6pm and 10pm on both Saturday and Sunday.

The equipment used will include delivery trucks, oxy sets, a 20t franna crane, mobile scaffold, elevated work platforms, a hi rail crane, knuckle boom, generator, and powered and non-powered hand tools.

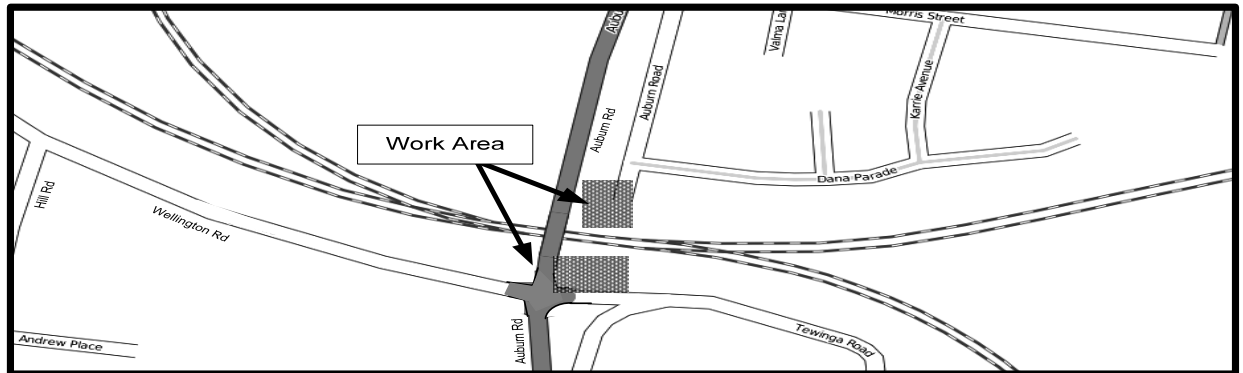

### Sydney Water Connection Works at Auburn Road Bridge, Sefton

Sydney Water connection works, including the excavation and reinstatement of the road surface, will be undertaken from 7am Saturday 16 July to 6pm Sunday 17 July 2011 (weather permitting).

Partial road closures will be necessary to undertake these works. Traffic control will be in place to manage vehicular and pedestrian movements..

The equipment used will include two 5-12t excavators, a flat bed truck, water cart, tool truck, wacker packer, hand tools, lighting towers and traffic control vehicles.

We appreciate your patience while we build this important project for Sydney and NSW.
