

AUSTRALIAN RAIL TRACK CORPORATION LTD

Southern Sydney Freight Line IMPORTANT COMMUNITY INFORMATION

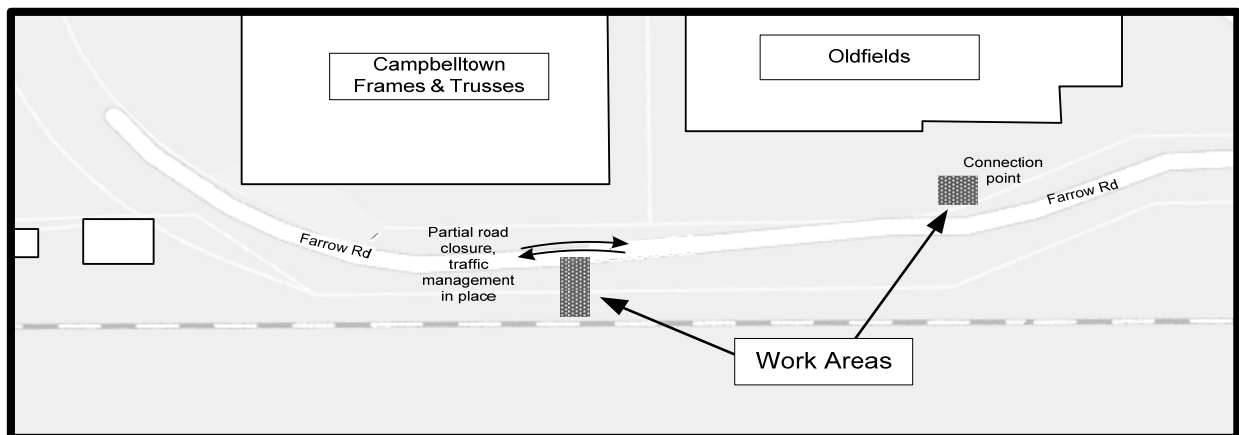

Farrow Road Campbelltown Construction Works

Australian Rail Track Corporation (ARTC) will be undertaking Sydney Water sewer connection and watermain works in your area. This work involves the installation of a sewer main inside the Rail Corridor and the connection point inside Oldfields, as well as the excavation of a jacking pit at Farrow Road outside of Campbelltown Frames and Trusses.

The excavation of the jacking pit at Farrow Road will require a partial road closure around the pit. Farrow Road will be reduced to one lane around the pit and traffic controls will be in place to manage the pedestrian and traffic movements.

The work will be undertaken during normal construction hours from 7am to 6pm Monday to Friday and from 7am to 1pm on Saturday. The work will commence on Monday 19 September 2011 and will take approximately two weeks to complete.

The equipment required for these works will include an excavator, welder, jack hammer, boring rig, traffic control vehicles, concrete mixer, work vehicles and powered and non-powered hand tools.

We appreciate your patience while we build this important project for Sydney and NSW.
