

AUSTRALIAN RAIL TRACK CORPORATION LTD

Southern Sydney Freight Line IMPORTANT COMMUNITY INFORMATION

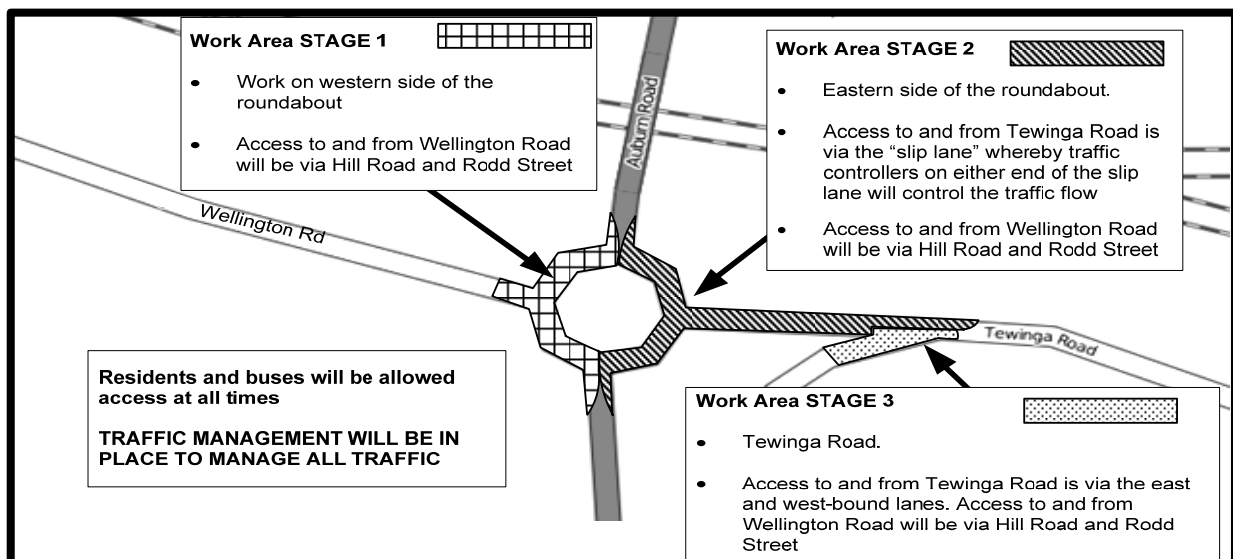

Roadworks at Auburn Road, Birrong

Australian Rail Track Corporation (ARTC) is currently reconstructing the roundabout on Auburn Road at the intersection of Wellington, Tewinga and Auburn Roads. The work required to complete the roundabout will consist of laying down new road surface and line marking. The work will commence on 30 November 2011 and will take approximately three days to complete weather permitting. The works will be undertaken in the following three stages:

- Stage 1 – Resheeting asphalt on the western side of the roundabout. Access to and from Tewinga Road will remain the same. Access to and from Wellington Road will be via Hill Road and Rodd Street.
- Stage 2 – Resheeting asphalt on the eastern side of the roundabout. Access to and from Tewinga Road is via the “slip lane” whereby traffic controllers on either end of the slip lane will control the traffic flow. Access to and from Wellington Road will remain the same.
- Stage 3 – Resheeting asphalt on Tewinga Road. Access to and from Tewinga Road is via the east and west-bound lanes. Access to and from Wellington Road will remain the same.

The work will be undertaken during normal construction hours between 7am to 6pm Monday to Friday, and from 8am to 1pm Saturday. After 6pm Monday to Friday, and after 1pm Saturday Auburn Road will be opened up to two-way traffic.

Traffic controllers will be in place to manage pedestrian and vehicular movements. Bus and emergency services will still be able to use Auburn Road in both directions.

We appreciate your patience while we build this important project for Sydney and NSW.
