

## Southern Sydney Freight Line IMPORTANT COMMUNITY INFORMATION

### Construction Works at Cabramatta

Australian Rail Track Corporation (ARTC) will be undertaking construction work in your area. These works must be undertaken outside normal construction because there are safety risks involved with working in close proximity to the overhead wires and tracks. RailCorp has a track possession scheduled on 17 and 18 December 2011, which means passenger trains won't be running on this weekend to allow construction work on the train lines. The Southern Sydney Freight line will utilise this track possession to undertake work safely.

#### Fisher Street, Cabramatta

The removal of a redundant sewer vent will be undertaken at Fisher Street, Cabramatta, from 7am to 6pm Saturday 17 December and from 8am to 6pm Sunday 18 December 2011. An approved contingency is in place from 7am to 6pm Saturday and from 8am to 6pm on one weekend in January 2012. The equipment used will be a 25t franna crane, elevated work platform, and powered and non-powered hand tools.

We appreciate your patience while we build this important project for Sydney and NSW.
